

FS2 Summer Term Growing and Seaside

As we move into the Summer term we work closely with the children and Year 1 teachers to support the children as they transition into year 1. We will continue to support and encourage all of the children on their learning journey.

Physical Development

Alongside a physically challenging outdoor area, our provision is carefully planned with physical development in mind. In PE we will be consolidating the skills we have learnt throughout the year.

Literacy

We will have a new book or rhyme of the week, and will use this as a base for our exploration and continuous provision. We will provide lots of opportunities for children to write independently.

Religious Education

In the Summer term we talk about the coming of the Holy Spirit at Pentecost. We look at how we can be good friends, and how we can make good choices. We will look at how we live in our world and the different people and cultures we share it with.

Phonics

We will consolidate the sounds we have learnt throughout the year, practising our segmenting and blending skills to read and understand sentences.

Communication and Language

Using smaller key worker groups we give our children many opportunities to develop their speaking and listening skills. We ensure that all children feel listened to and have a good experience of early literature.

Personal, Social and Emotional Development

We maintain close relationships with our children and families so that the children continue to thrive. We carry on promoting and supporting good behaviour choices, and encourage children to think carefully about their choices.

Mathematics

We will consolidate our learning with numbers to 20. We will also look at doubling, halving and sharing objects.
