

Nursery Summer Term Food, Pirates & Seaside

As we move into the Summer term we work closely with the children and families who will be starting school in September. We will continue to support and encourage all of the children on their learning journey.

Physical Development

Alongside a physically challenging outdoor area, our provision is carefully planned with physical development in mind. We will continue with Dough Disco and Squiggle as you Wiggle sessions which promote fine motor and early writing skills.

Literacy

We will have a new book or rhyme of the week each week, and will use this as a base for our exploration and continuous provision.

Religious Education

In the Summer term we talk about the coming of the Holy Spirit at Pentecost. We look at how we can be good friends, and how we can make good choices. We will look at how we live in our world and the different people and cultures we share it with.

Phonics

We will explore a new letter each week and look at the shape, the sound and relevant objects.

Communication and Language

Using smaller key worker groups we give our children many opportunities to develop their speaking and listening skills. We continue to ensure that all children feel listened to and have a good experience of early literature.

Personal, Social and Emotional Development

We maintain close relationships with our children and families so that the children continue to thrive. We carry on promoting and supporting good behaviour choices, and encourage children to think carefully about their choices.

Mathematics

We will go back to number one and have a number of the week each week. We will re-inforce our previous learning using objects and rhymes.
